## REFERENCES

Available on request

### 2020 *Distro Accounts, Awesome Merchandise, Leeds UK*

- Responsible for creating, organising and distributing client reports on a monthly basis to strict deadlines.
- Liaising daily with clients including major and independent record labels, management and directly with artists.
- Working closely with other areas of the business to develop plans to provide a better service to clients.

### 2019 *Sales and Marketing Manager, NSF Controls, UK*

- Working in the music division to develop and grow the brand internationally.
- Attended events across the UK and US to develop the business and grow existing client relationships.
- I set up an international distribution network to further our product sales and break into other international markets such as Australia and Japan.
- Worked alongside influencers and various award-winning publications to advertise products directly to the consumer.
- Ran the brands social media pages and included work on paid ads.

## HOBBIES

---

In my spare time I enjoy working on self development. I am a huge fan of online courses, specifically in software development. I also really enjoy building personal projects and participating in online hackathons. This has allowed me to really get a taste for building projects in a team based environment.

I enjoy spending time at the gym, I'm an avid football fan and I also produce music in my spare time.
